

OBJECTS

4. HOT STUFF

Producer: EcoSmart for Smart Fire UK

Price: £750-£1,999

Tel: 020 7384 1677

With balmy summer evenings on the horizon, these outdoor fireplaces are the perfect addition to a garden. They use bio-ethanol, a renewable and clean burning liquid fuel that produces a warming heat without the smoke, soot or ash of a wooden fire. They don't need a power source, so are completely portable. www.smartfireuk.com

5. TAKE A BITE

Designer: Lisa Pappon for Bull & Stein

Price: £98 (12cm diameter) and £850 (60cm diameter)

Tel: 020 7637 9427

Lisa Pappon is a Brazilian designer and her range of cast-bronze apples and ceramic fruits has been created for Bull & Stein. She's fascinated by the symbolic representation of fruit, from temptation and power to love and happiness, and her collection of oversized pieces really makes an impact. The pieces are keenly priced too, which is useful if you have a client who would like a piece of sculpture but doesn't have an unlimited budget. www.urbanlivinginteriors.co.uk

6. ECO CHIC

Supplier: Prezybox

Price: £24.95

Tel: 0844 2494 007

These feeders, bird boxes and habitats have standout good looks and an environmentally friendly remit. Their contemporary finish certainly has visual appeal, although they're practical and fit for purpose too. Use them in any urban setting, and consider grouping several of the habitats together to make a focal point. They're made from a composite of clay and recycled plastic. www.prezybox.com
