

The Gemma Chair designed by Enzo Berti

This elegantly styled 'floating' open backed dining chair, designed and made in Italy, has just arrived at urban living interiors. It makes a strong visual statement without detracting from or blocking the beauty of the dining table or the room. The beautiful grain of the wood will work in a traditional setting or add warmth and texture to a super chic contemporary room. The stunning construction is complemented by a subtly angled leg.

Available in natural or stained beechwood, walnut or oakwood with upholstered seat in a choice of fabrics

Size: 47cm w x 54cm d x 85cm h Price: from £545.00 inc VAT
